

His Excellency;
Chief Manager, of Sovereign.

RECOMMENDATION

From Hex . Valeri SR 0001670212
For information and implementation / 8 pages.

Sovereign, will expel **the merchants** from the Temple of Sovereign.

1 Bulgaria, the so-called "state" after 1992, has **stolen** billions of German marks, dollars, euros in their leva equivalent from Europe and the European Union!

2 Europe, has been distributing funds to an illegitimate "state" that **is absent** as a subject except for a sick imagination because of the same habits!

stolen from Europe and the USA by an Illegal "State" that **has been missing** since 1992!

4. Currency notes of an illegal "state" that **has been missing** since 1992 were given and **distributed** !

5 "Agreements" were concluded with an Illegal "government" after a Coup d'état after 2005 in an Illegal "state" that **has been missing** since 1992!

6 Illegal forms of banditry have **their own** names in the former "state", which are responsible **by name** for what was done in the name of "Bulgaria" **without** the right to have any public power!

7 Subject to Chinese-style retaliation with American (USA) pneumatic machines.

BRIEF INTRODUCTION Self-proclaimed in an Illegal State after a Coup d'Etat in front of the public because of television, they instill "respect" in **the on-screen** action of the "Bulgarian authorities" gasping for air in the self-display of "living tissue" in a dead state that is Illegal because of **them** .

As a habit, the same Illegal and Unlawful "power" through repression to "enforce" the "legal" **equally** Illegal, Invalid and Unlawful through OCG to attack because of the damaged psyche, solve the "internal" problems of the Illegal, Unlawful and Criminal power, which **has no** other perspective despite television, its shiny tomb.

Television and the people's militia are like a drum with the "judicial authority" as the headquarters in the pyramidal power structure, at the top a "bank" or Croesus **against** Bulgaria from its vicious creation, the same **scourge** , because of the same habits.

Trained artists with specific movements of learned reflexes, get their satisfaction for "working" as collaborators as Illegals in a missing country, who receive monthly deductions from the "BNB" , which was never a bank of the people, explained .

It is also explained that if one working day is **missed** in appealing acts of the same "state authority" - the process **ends** immediately!

The former "Third Bulgarian State" 1878-1992 **ended** 33 years ago through **omission** (ignorance, skipping) of Legal **deadlines** announced in the Constitution 1991.07.13 SG 56 for mandatory registration, re-registration, also explained as an **irreversible** period having occurred.

The Illegal, Unlawful and Criminal Power has acquired its defense **reflexes** to any "attack" from the simplest questions that have **a clear** answer!

This government, which is Criminal as an action and Illegal **without** any laws legalizing it at the base, has invented **the claim** of "new laws" **completely** Illegal and Criminal after 1992 **without** going **beyond** the system, as a mandatory **condition** for the construction of a new house, which is the implication - **there is no house** !

There is Illegal, Unlawful and Criminal "Government" or OCG , explained.

PART TWO Man **does not** start from the human body on a material **carrier** . Therefore, if everyone, if **he goes beyond** his personal card as evidence of the human **body** by Law , goes **beyond** the system of the "personal card" on it with all the **rights** of a Superior Subject **over** the human body, because the management of Consciousness is a Higher **constant** after human birth in the human **world** , where everyone gets the opportunity to **choose** before his human Soul, for its paths!

It is not the body that controls Consciousness, **but** Consciousness controls the human body, so **after** transcending **the** system of the material world - a person receives **the entire** world according to the Law of **the higher** power.

The suggestion of **something else** is an attempt to **deceive** a person by inferior **forms** of communication with **inferiors** in Rank who have reached **beyond** the corporeal, material essence with **the suggestion** of existence only in the dead body, which **without** a Soul or Consciousness **has no** logical power.

Interpretation is an attempt to **deceive** or deceive a High-Level entity through **missing** logic, which is **not** possible.

The reverse is **not** possible, so High-level entities **cannot** talk to lower-level entities **without** the basis of a reason that would be **valid** as a claim **without** the obligation to be made.

Sovereign ensures the coming of the New World Order under the Law of divine **truth** .

1 *Sovereign is **not** against Apocalypse because of personal experience, expressed his own **opinion** that biological material **does not** deserve more than what is deserved, **so** Sovereign, comes with Law 404, part of the program to restore **the good** man in an equal environment, while the rest is handed over to*

*the Apocalypse **reapers** from heaven today, who attack "Bulgaria" **indiscriminately** for the good man.*

2 *The promised funds and assets **excluding** VAT required by Sovereign are **a guaranteed** income for any cooperation with **a positive** result!*

PART THREE In the process of liberating "Bulgaria" from its **internal** enemies, it turns out that Sovereign has documents for **complicit** persons or entities abroad who, as a habit, not only boldly **violate** the Law, **but** on their "creative fertility" make crazy moves in **a foreign** country for complicity towards collaborators, who most likely have a problem **without** showing it as mental, to the logical interpretation, in short - a fraud that is **only progressive** in descending order for their **victims** , not upward!

I, in the person of the General Manager of Sovereign, receive at a **false** address in Sofia (Skobelev 48) a letter **without** an objective sender, except for the person Sofronieva as an "agent" of the so-called "DSK" JSC UIC 121830616 branch in the city of Varna, which letter is with a crazy content of a sick claim in such a way that **the debt** of the so-called "DSK" JSC or the Hungarian "bank" from **the foreign** legion in **the former** "third Bulgarian state" 1878-1992 **increased** to 100 million BGL due under Unilateral Satisfaction, explained in the Report / Claim against "BNB" JSC center.

During the investigation of this incident, it turned out that the sender or - **the employer** of the Varna branch of the so-called "DSK" bank or **table** , was a person or entity from **a foreign** country; in this case, neighboring Greece.

This is hidden in the content of the text, which was **not** read in full (due to personal hygiene), it was noticed that **no** text copies were provided; only the signing of a signature, unclear from whom? - probably from His Excellency, on **the fake** document was requested, awaiting an original signature, over a crazy text about **something** that probably began, it is not clear how and under what laws in what country, and on whose territory!

The note is that the General Manager of Sovereign **does not** sign original signatures on documents **other** than those required for Sovereign, except through ME - Valeri, **no** more than that!

There is no consent **either** on an "identity card" owned by "Corporation Bulgaria", **nor** from a superior entity under international (maritime and Admiralty) and domestic law, declared and explained!

The check carried out by Sovereign is realized through **a control sum** immediately, which was fraudulently (explained) provided as **proof** that the so-called "Bulgarian banks" are part of an international brigade, explained back in 2011 (20.01 - GP 9606 / 09 V ; GP 5015 / 09 V) in connection with BRIB or SI today the so-called "postal bank" UIC 000694749 it is unclear for what pigeons, the Bulgarian "table" is provided except for those who have been **on** it since **1879** .

Thus, the Claim of Sovereign in my person as General Manager, increased X10 in **the minimum** amount explained in the Report / Claim against "BNB" JSC center, as **the amount due** from the so-called "DSK" JSC or the Hungarian "bank" in "Bulgaria", which distributes (defamatory) aggressive letters from **a foreign** country - Greece to a **false** address in Sofia, **through** an Illegal, Unlawful and Illegitimate representative of the so-called "DSK" JSC in Varna, increased to the fair amount in assets in the amount of 100 million BGL which will **be** paid in one way or another, until the arrival of Sovereign to expel the merchants from the Temple of Sovereign.

Regarding the so-called "DSK" Hungarian table or "Bulgarian bank", it informs us of a "contract" dated 01.03.2024 after an imagination for " *interest due* " the so-called "bank" has " *proceeded* " " *to collect by court order* " " *according to the current legislation* " a completely **crazy** text, when **there is no** Legal, Legitimate "Bulgarian court" **nor** is there a Legal creation of a "legislative body" on which a "signature" was placed with respect by a person (Sofronieva), who **cannot** be **anything** other than an Illegal **entity** in the power of attorney of **another** Illegal entity - in this way, the "administration of justice" itself tells us **something else** .

The international **swindlers** , through their **accomplices** , insist in an abstinent projection of the unhealthy psyche on a variety of things, only and solely because the so-called "Bulgarian National Bank" or Joint Stock Company "BNB" JSC provided this **company** with the corresponding soil for international banditry!

In the so-called "Bulgaria" **there is no** Legal, effective legislation that is Legitimate on anything, except on **the sick** imagination, its complexes in the food chain of the bandit group! (explained)

This tells us **something else** : if these bandit groups have the **means** to assign mercenaries to carry out tasks - we are reaching domestic or international terrorism!

Marginal groups are used, also idlers, for whom the "right" of the "law" is like **cash** .

Terrorism, on the one hand, is carried **out from within** through Genocide (explained) because of an inner **circle** of dependents (a significant number of victims, along with those currently reading this text in the original) on the other hand, terrorism from without **has no** available, definable limits of **action** for pay!

The so-called "DSK" issued (on 20.01.2025) a claim of complicity in an international **affair** of banditry **for** payment, if the so-called "agent" **not** only in "Bulgaria" works for "DSK" JSC for **payment** , to support his bodily needs, explained.

The so-called "DSK" JSC deals with hidden **terrorism through a hidden (discovered by Sovereign) original** address of **the issuer** (let's call it the "plaintiff" for the sake of **brevity**) which is located **abroad** . The so-called "DSK" Hungarian bank deals with declared terrorism on 20.01.2025 **outgoing** No. 0090-20-00609/20.01.2025 through **fake** letters sent on purpose to **false** , fake

addresses near Speedy, a " **scheme** " developed for influence in one way or another.

Finally, **the** employee at Skobelev's Speedy was **not** asked **for an** "identity card" as proof of anything, but was shown only **a copy** of a message **without** the message itself, while the "signature" **like** the so-called "state and savings bank" or table has the same **claim** to be an original to a fake letter sent by the Illegal for "Bulgaria" "bank" explained.

NOTE Not only the so-called "BNB" Joint Stock Company works by appointing or assigning **tasks** , using **foreign** funds (in "Bulgaria" stolen after 1992) for this purpose, working for **someone else's** account (officially announced) distributing **fiat** (empty) banknotes for **assets** with their own value - cost price ("BNB" **does not** have such) values in such a way, **a network** of dependents not only to "BNB" JSC including its **metastases** (foreign legion) allowed to **another's** table and at **someone else's** expense, to develop criminal activity in any way, **without** restraint under the weight of "laws" - forged **from within** the bandit group or OCG .

The so-called "BNB" has "anchored laws" for **internal** use with **external** significance, the burden of which falls on its subordinate state **entirely** at the expense of **those deceived** by the state!

The so-called "BNB" is **not** only a state within a state, **but** also represents the state itself in the period 1878-1992 and thereafter, **after** the Coup d'état in 2005 onwards until 2025 with **the same** results, which are destructive, whose goal is pursued on **someone else's** table and at **someone else's** expense, which facilitates the disposal of **foreign** funds, assets and values.

It was explained that politics is **not** the problem for anything, but **parasitic nests have been found in the food chain** of "bank assistance" that have been there **all** along.

OCG has **fully** adopted the assets of "Bulgaria" while **disposing** of them against the interests of "Bulgaria" **without** restraint, transferring responsibility to a colorful palette of **political** mud, the same one, enabled by "BNB" JSC for its life spectacle in **the orchestra** of the so-called "national bank" or table.

In this case, the Hungarian "DSK" works along established **paths** from the "BNB" to assign tasks to all sorts of marginal **subjects** whose life perspective is in the good **food** on the table.

In this case, the Hungarian "DSK" is using the "bright experience" of the so-called "Bulgarian National Bank" or a table for **foreign** legionnaires in the deceived country!

The note is that **there is no state** after 1992!

The note is that after 2024.10.18-21, the former "Bulgaria" **has a state** - Sovereign!

The note is that **there is nothing** but **Sovereign** or former "Bulgaria" under Law after 1992.07.13 after 18-21.10.2024!

No bandit brigade in "Bulgaria" or abroad **will** gladly accept that a **new** state has been born on the Balkan Peninsula. That is why Europe is silent – this Europe **has** a tradition on the Balkan Peninsula, where the "great powers" have their own interests, while **their** greatness is not in size **because** it is not the size that matters, but their **content**. Traditionally, the so-called "Bulgaria" is considered a lion **without** the male attributes of a stuffed animal, **without** any other meaning for the "great powers" having lions with attributes. This is where the **State Security** or an **organization**, spread massively through 40K agents on **the territory** of Sovereign, already explained to the owner after 18-21.10.2024. **The propaganda of the State Security** is used in every way to wave the "flag" (tricolor) of **a former** state **without** a future, while people are jumping around frantically to the horo **due to** the internal vice of the habit of "living" **without** rules **and** laws in the fictional "state" / created in 1878 **without** a Bulgarian delegation. Perhaps rightly **so**.

Unfortunately for Europe, which **is developing** its Agenda 2030 from the Apocalypse program of depopulation (thinning of humans) / from nothing or from the ashes, **a new** country from the future has been born!

Country 2 **without** a future is the so-called "Bulgaria", **the former** "third Bulgarian state" that ended 33 years ago after 1992!

Sovereign in anticipation of the beginning **of** the state existence of **the new**, Fourth Bulgarian State, which will be satisfied with **the remains** of the previous "Bulgaria" by inheritance for **the pogrom committed** on this part of Europe - the one that from **the heights** of its dark dungeons gathers in a forum or symposium to determine the "agenda" part of the Apocalypse.

Sovereign is **not** against Apocalypse because of personal experience, expressed his own **opinion** that biological material **does not** deserve more than what is deserved, **so** Sovereign comes with Law 404 as part of the program to restore **the good** man in an equal environment, while the rest is handed over to the Apocalypse **reapers** from heaven today, who attack "Bulgaria" **indiscriminately** for the good man.

The BNB **network** of Apocalypse, **which began** in Bulgaria immediately after 1879:

1 The workers work 2 the workers work 3 the producers produce; **finally**, the "BNB" through its **network** distributes to those at personal (called "political") discretion by negotiation for the interest rate % below inflation (because of the empty, fiat money without cover) whatever **is left** for survival; **the official** people from the parasitic sector of administration (non-productive sphere) are rewarded together with the marginal forms of existence for biological waste, which was deliberately **enthroned** as a dense mass, **on** the state existence after 1944 after the **first** Coup d'Etat (for the "third Bulgarian state").

It was noted that today's so-called " **politics** " also feeds (by name, daily) from the network of the so-called "people's bank".

Not only that, explained "BNB" has been the **whole** time of the history of "Bulgaria" **against** Bulgaria, **not** allowing in any way to find a way out of the "pork connection" in the body of the Bulgarian state that was lost at its very **creation** , therefore the "third Bulgarian state" 1878-1992 has **never** been not only Bulgarian, **but** through the so-called "national bank" or table, it will **never** be - the reason is one and has **never** been another.

The Hungarian so-called "state savings" **table** or "DSK" Joint Stock Company, uses this moment and after **the great theft** of money from the taxpayer 1000:1 salary = sausage finds it right to find itself at the table of the rich through shareholders of **the Bulgarian** table through "BNB" Joint Stock Company, which after 2005 has been actively **engaged** in the degradation of "Bulgaria" everywhere and in everything. They are entangled in intermediate **connections** in the commercial register together with other domestic enterprises under the supervision of OCG or "BNB" metastases, of **foreign** legionnaires on "Bulgaria" and in 2025.

Not only that, **but** Internationally, OCG purely ethnically **perceives** "Bulgaria" as a home table, where everything is allowed and **if** it is forbidden, the table is attacked by external and internal **enemies** on paths that reach international **terrorism** , which receives its income **not** in natural products!

A clear example is the so-called "state savings bank" or **trezeza** , in short "DSK" Joint Stock Company **of** Hungarian bankers (of unknown ethnic origin) whose **brigade** goes **abroad** , from where it sends crazy **letters** with crazy **text** , already explained.

Waiting for the so-called "DSK" or table, to **actively invade** with foreign "troops" or bandit groups into **a foreign** country from Greece or from Hungary into the former "third Bulgarian state" as proof that these **products** of "DSK" JSC work well in the food chain of the "BNB" Joint Stock Company, which has enabled **the foreign** delegation through "rights" available only in a **sick** mind, because of **a sick** fantasy.

1 Finally, the "DSK", enabled by the "BNB" , **the internal** organization of the Illegal Group, can use human **material** from the internal composition to implement its actions against "Bulgaria", today Sovereign, and vice versa.

2 Sovereign, can recognize the cause of the symptoms, traced their **connection** to the disease **against** anyone reading this text in the original.

The latest (so far) crime of the so-called DSK JSC is the sending from Greece (a foreign country) of a request, which made the debt of DSK JSC the so-called "state savings bank" or "DSK" JSC UIC 121830616 in the original Allami Takarekpenztar as a criminal (see above) illegal (see below) form of a pseudo financial entity (actually an organization for theft and banditry similar to BNB JSC) the debt - to be fixed under the Law of Unilateral Satisfaction X 10 so the 10,000,000 owed by DSK JSC jointly with BNB JSC assets to Sovereign, on 01/24/2025 are in the amount of 100,000,000 (100 MILLION) without

explanations, without remarks, without alternative except what has already been shown! BNB JSC, as the initiator and accomplice in the process, assumes the mirror burden in the amount of 100,000,000 (100 MILLION) without explanations, without remarks, without any alternative except what has already been shown!

The recommendation to the illegal Bulgarian authorities in the person of the security services is to trace the connection from Greece to "Bulgaria" of the cartel (called DSK JSC) to a brigade in Varna (Preslav Str. N69) with proxy Alexandrina Sofronieva, which the brigade sends to a fictitious address Sofia Blvd. "Skobelev" N48 a letter with psychological trauma of personal injury, verbal statement with slander, insult and damage to honor and dignity, which served to send a Report of Claim against the Illegal, Illegitimate and Unlawful "authorities" after the Application sent on 18-21.10.2024 to the UN in Geneva and the International Court of Natural Law for the new, Fourth Bulgarian State / extremely disadvantageous for the judges in Europe, because it is clear that without external consent, banditry in "Bulgaria" is not possible!

The so-called "agent" of the so-called "bank" DSK JSC, Alexandrina Sofronieva, is without a legitimate, legal and lawful power of attorney and has no legal basis after 1992.07.13 without the available authority of the court registrar, to possess the full power of a missing power except through the suggestion of this!

Neither DSK JSC is a legal form of a Legal Entity, nor is Aleksadrina an expression, apart from criminal complicity, of the international (see) banking cartel, already explained, not only for UBB and BRIB The 2011 Report!

That is, the person who received this piece of paper for internal abuse via the freight forwarder Speedy from Greece can use it no more than the actual environment in a symbiosis of scammers with Bulgarian names!

Probably, we are not talking about international terrorism by swindlers in collaboration with their "proxies" in the missing state after 1992!

*DSK JSC, however, goes beyond the boundaries of an internal "dispute" even though there is no **legal** basis for the emergence of anything with Sovereign, on a territory of the same name!*

*Thus, DSK JSC shows another face, on an external TABLE like every other "Bulgarian bank" enabled by the Joint Stock Company of BNB JSC in the history of "Bulgaria" **against** Bulgaria until the arrival of SOVEREIGN in 2024 on October 18, after 1879 the so-called "Bulgarian National Bank" was born in connection with an occupation fund, facilitating the commission of thefts!*

*BNB **TABLE** shows its character all the time. **END OF QUOTE***

Cooperation consists in agreeing to **the truth** , found through the factual and undeniable **weight** of the announced, available evidence.

The evidence is **undeniable** !

The promised funds and assets excluding VAT required by Sovereign are **a guaranteed** income for any cooperation with **a positive** result!

The security services, reading in **the original** , can transfer the work of competence **abroad** , **if** their hands are "tied" by the OCG explained in the food **chain** of the "BNB" Joint Stock Company / this of good will will be **noticed** by the Sovereign in the person of his State, General Manager in the former "third Bulgarian state" on **the path** of building a Fourth Bulgarian State in relation to the personnel, in their new **jobs** . And vice versa.
